## SUMMARY

---

Aspiring software developer with a completed BCA degree and hands-on experience in full-stack web development. Skilled in HTML, CSS, JavaScript, Oracle SQL, and Java, with a strong foundation in backend and frontend technologies. Certified by Intel for internship performance. Recognized for creativity, clear communication, and a continuous drive to learn, adapt, and grow in the tech industry.

## EDUCATION

---

**(BCA) Bachelor of Computer Application** - C.Abdul Hakeem College, Ranipet. June 2022 - May 2025  
**Higher Secondary Studies** - Voorhees Higher Secondary school, Vellore. June 2020 - May 2022  
**SSLC** - Voorhees Higher Secondary School, Vellore June 2019 - Apr 2020

## TECHNICAL EXPLORE

---

**Intern**, Intel - Crescent Innovation Incubation Council – Chennai July 2024

- Gained exposure to IoT technology applications in smart city waste management systems.
- Learned about IoT sensors, robotics, and their role in automation and data-driven solutions.
- Understood the importance of robotics and sensor integration in modern infrastructure projects.
- Developed basic understanding of database management and IoT data handling concepts.

**PPT Presentation Participant** – Inter College Technical Event Feb 2025

- Presented a topic on “AI for a Better Tomorrow and Agriculture,” explaining how AI can improve farming efficiency and sustainability.
- Gained practical exposure to researching, preparing, and delivering technical content.
- Improved communication, public speaking, and presentation skills through audience interaction.
- Enhanced confidence in expressing ideas clearly in a professional and academic environment.

**Training Institute - Qspider**, Java FullStack Development – Chennai June 2025 - Present

- Learning Core Java, JDBC, Servlets, JSP, and Spring Framework for backend development.
- Gaining hands-on experience with HTML, CSS, JavaScript, and frontend frameworks.
- Working with Oracle databases and understanding full-stack application flow.

## PROJECT

---

### GYM MANAGEMENT WEBSITE

- Developed a fully functional Gym Management System with responsive UI using HTML, CSS, and JavaScript, while leading a team of three members.
- Integrated backend functionality using PHP and MySQL, implementing AJAX for smooth and dynamic data handling.
- Deployed and hosted the application on an Apache Server, ensuring stable performance and easy accessibility.

## TECHNICAL SKILLS

---

**Front - end** : HTML5, CSS3, JavaScript (ES6+), React js, Tailwind CSS

**Back - end** : Core Java, Spring Boot

**Database** : Oracle SQL - RDBMS, MySQL

**Tools** : Eclipse IDLE, VS Code, GitHub, Postman
